Haining City, Zhejiang Province, China

Zhejiang Ousikai New Material Co., Ltd.

PRODUCT & DESIGN FOLLOWS NATURE

From simple reproduction of natural designs to redefining ground aesthetics. Ouskye brand new designs of the floor has nearly 100% restored the natural material effect, and integrated into the designer's unique ideas.

Ouskye focus on healthy comfort seekers, value trendy pursuers and balanced home strivers as our target consumers.

Ouskye philosophy of sustainable development covers every aspect of our business: timber resource, research and development, manufacturing, and marketing. All aspects come together to form a complete intelligent quality control system, which strikes the balance between eco-friendliness and quality.

Ouskye philosophy helps provide a healthy and comfortable living space with its outstanding quality, performance, and environment-friendly nature.

Company Profile

Zhejiang Ousikai New Material Co., Ltd has been involved in the manufacturing and exporting LVT/WPC/SPC flooring since 2011. With its technically advanced production equipment, professional technical staffs and experienced sales team, Ouskye produces high value added products at attractive prices to offer unique value to customers worldwide.

Vision - Be the most innovative & valuable flooring company

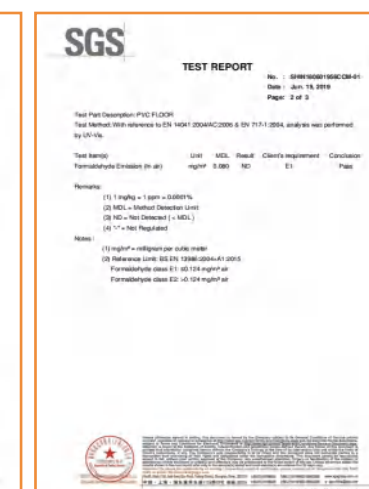

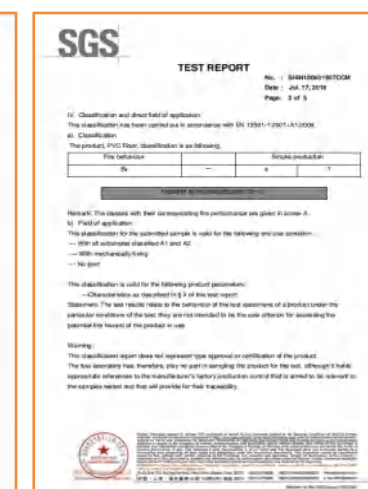

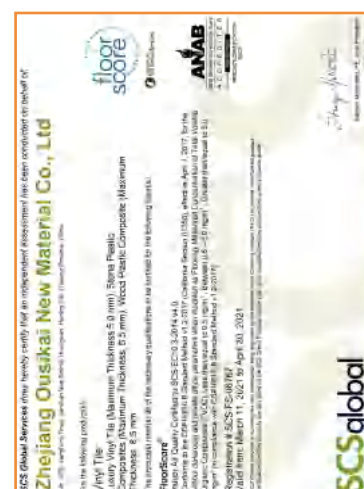

● **Art** - with rich, authentic reproductions of wood and stone presented in striking, eye-catching patterns and the ability to combine these colors and textures to create imaginative, inspiring spaces.

● **Quality** - by increasing our investment in research and development, we bring the latest in product performance to the flooring market. That enables us to offer some of the best product guarantees in the industry.

● **Nature** - by conserving energy and resources, while reducing our carbon footprint. In this and other ways, Ouskye recognizes the very important responsibility to be environmentally manufacturing standards and sustainable practices to ensure a quality flooring product that is kind to the environment—both indoors and outdoors.

Test Report
